RELEVANT PROJECT EXPERIENCE

USC & OTIS Collaborative Game Project: Donuts!

Background Texture Artist

Jan 2025 - May 2025

- Painted environmental textures for building assets using Procreate and Substance Painter.
- Designed lighting and shadow into texture maps to support the game's mood and visual consistency.

Product Design from Pixels to Product: Designing & Selling Digital Creations

Creator & Product Designer

Jan 2025 - May 2025

- Developed a personal brand identity including logo, packaging, mascot, and visual theme.
- Designed and produced physical merchandise: stickers, phone grips, rugs, coasters, postcards.
- Used Photoshop to create layouts, mockups, and production-ready designs across deliverables.

2D Skin Design for Characters from Character Design for Games Class

Character and Prop Concept Artist

Aug 2023 - Dec 2023

- Designed a skin series for League of Legends characters inspired by 1980s streetwear using Photoshop.
- Created character skins, weapons and supporting visual effects as part of the final concept series.

ADDITIONAL EXPERIENCE

OSCAR AX INC Trucking Company

Truck Dispatch Coordinator

Aug 2025 - Present

- Developed strong skills in multitasking, decision-making, problem-solving, and adaptability in a fast-paced environment.
- Strengthened communication, teamwork, and conflict resolution through coordination with drivers, clients, warehouses, and coworkers.
- Improved daily operations through load planning, appointment scheduling, backhaul coordination, and payroll support.
